

Greetings to all

A set of recordings of the Sea of Faith 2014 Annual Conference *Making Connections* is now available to order.

Four CDs and one DVD include key presentations by Derek McAuley, Keith Porteous Wood and Pippa Evans (with Q&As, of course) plus an innovative and very successful *Speakers' Corner* session with excellent presentations by members Dave Francis, Dinah Livingstone, John Gamlin, Barbara Burfoot, John Pearson and Jane Howarth. Founder member David Paterson chooses his *Desert Island Discs* with Carol Palfrey and the bonus *Connections Selections* DVD includes the complete home-grown concluding *Sunday Assembly* as well as some general atmosphere footage.

All five discs are tracked and attractively packaged (of course) at a total cost of £12 including postage from Chris Avis, 37 Clifton Road, Exeter EX1 2BN (cheques payable to C. Avis, not SoF please) or very easily via Paypal using my email address of chris.avis1@tiscali.co.uk

A donation is made to Sea of Faith for every set sold.

This was another great conference worth experiencing for the first time or again.

I look forward to hearing from you!

Chris Avis
